1. Introduction

The Dissemination Plan will include annual reports outlining Webinars, Workshops and Fairs. The plan will detail schedules, invitations, agenda, best practices and materials. This is an action plan that describes the respective dissemination objectives and measures used to achieve them. The present Dissemination Plan – prepared within the Work Package (WP6) – will ensure that all communication and dissemination need from various WPs and the project in general are considered and coordinated. The document includes all the information needed to facilitate the communication efforts of the Euro-emotur project consortium. Specifically, it defines and prioritizes the key objectives of the project's dissemination, identifies in detail the target groups, and lists the expected results. It also describes in detail the dissemination tools and channels (both offline and online) that has been used to reach the objectives in the most efficient and cost-effective way.

In line with the general object of this project – Boost tourism recovery of SMEs by fostering the digitalisation, improving communication efficiency of tourisms' SMEs, fostering direct communication and sales with their customers, and generating innovative new products -, the specific objectives that will be achieved through this Work Package 6 are the following:

- Reinforcing awareness about digitalization within the tourism industry with a special focus on digitalization through emotions.
- Fostering capacity building and skills to make easier the digital transformation process and improve the knowledge and use of new digital technologies for our target groups in the tourism sector (SMEs, Tourism regions, public authorities, Stakeholders...)
- Communicating the hub as an innovative, cross-sectorial, and useful network to boost recovery tourism sector through digitalization.
- Creating a critical mass of interest in digitalization through emotions.
- Generating a high social media impact.
- Fostering the project dissemination not only to scientists but also to the tourism industry, authorities, stakeholders, and civil society.
- Transferring results and communicating innovation and smart tourism solutions to SMEs, destinations, academics, and citizens.
- Analysing the improvement in the uptake of digitalisation and new technologies to enhance competitiveness advantages, image, and reputation in the tourism market.

2. Objectives

This deliverable contains an effective and efficient strategy plan and procedures to clearly identify the overall dissemination strategy to be followed, to achieve maximum impact among the different stakeholder

types, not least among the general public. The objectives of this deliverable are as follows.

- To identify key European and international conferences, congresses, seminars, workshops, and events to disseminate project results.
- To share knowledge and key insights around the project topics and identified the target audiences.
- To create and grow social media channels for the project (Twitter, Facebook, LinkedIn and Instagram) and encourage participation, contributing to maximising the reach and impact of the project results and findings in relevant communities.
- To promote international cooperation by clustering and liaising with other EC and international research and development projects, and renowned international working groups besides Advisory Board members.

6

Below you can see the WP6 KPIs and their results:

Table 1 – KPIs from the WP6

| Title | Brief Description | Target (quantity) | Achievements |
|--|--|--|--|
| Corporate Identity | Difference between planned and actual perception of brand association | Between 0-10% | To be determined in the next corporate identity report |
| Marketing campaign | Press notes sent Email Opening Rate CTR (Click-through page) | 10 25% 100 | 0 To be determined |
| Communication content and implementation | Presence on social media profiles Number of followers on social Media Engagement rate Newsletter opening rate N° VR Content Media Coverage (Press Clips) | 4 1.500 3 25% 4 15 | 5 283 7 TDB TBD TBD |

3. Dissemination

A concrete plan for coordinating and implementing the project's dissemination strategy is presented. This section addresses how to disseminate from an internal organisational perspective, clearly defining the partners roles and responsibilities, and the communication workflows and procedures within the project, coordinated by the WP6 leader. Dissemination will take place in all phases of the project (months 1 to 36), with the dual objective of creating awareness as well as receiving feedback from the identified target audience. Dissemination activities are expected to contribute to the validation of partial and overall project results. The project's dissemination plan identifies project outcomes and structures the consortium's main activities to spread the knowledge gained during the project. It aims to engage with a wide range of stakeholders, including authorities, policymakers, transport service providers, sector-representing organisations, and academics.

3.1. Dissemination Plan

The main guidelines and internal rules for coordinating the dissemination activities across the Euro-emotur consortium are provided in this section, and all partners are invited to follow this common strategy and align with their own communication departments' strategies in order to maximise the reach and impact of dissemination. For this reason, and in order to ensure and to cross-check the performance of the dissemination activities against the strategic goals, it is necessary to follow up the implementations of activities and to control the overall process. At the content level, key messages for each target group must be clearly drawn, informational vectors defined, and events planning developed. Some of the key elements of the dissemination

plan. The dissemination plan is a continuation of the Marketing Campaign Plan, focusing on spreading the project knowledge.

The dissemination plan as pictured in Figure 1 is divided in four key areas listed below:

Figure 1 – Dissemination plan

8

- Dissemination objectives.
- Dissemination outcomes.
- International cooperation activities.
- Monitoring system.

- Newsletter

There will be a regular Euro-emotur e-newsletter to help communication and dissemination with stakeholders and the Euro-emotur target audience. The newsletter will be published every 3 months, beginning in M19. The newsletter will be in English, and it will be sent to identified experts and interested people subscribing to it through the project website, members/representatives of the media, etc. ULPGC-TIDES will be the editor of the newsletter and will be responsible for the overall dissemination of the newsletter, all partners will contribute content and will disseminate in their own countries and social media.

Open Call for SMEs

EURO-EMOTUR main goal is to boost the uptake of digitalisation and innovation by tourism SMEs through transnational cooperation and capacity building. This will lead to generating a digital innovation ecosystem and hub and improving their competitiveness in the market through digitalization. This project pays special attention to neuromarketing techniques to boost the digital reputation of SMEs and increase their performance and KPIs both in the short and long term.

Participation for SMEs is free of charge, no co-financing is required.

[Apply now →](#)

Who can participate?

The programme is strictly limited to tourism SMEs in the following categories:

- Travel agency, tour operator reservation service and related activities (N79);
- Hotels and similar accommodation (I5510);
- Holiday and other short-stay accommodation (I5520);
- Camping grounds, recreational vehicle parks and trailer parks (I5530);

Small and medium-sized enterprises (SMEs) are defined as follows.

Company category Staff headcount Turnover or Balance sheet total:

Medium-sized $< 250 \leq \text{€} 50 \text{ m} \leq \text{€} 43 \text{ m}$
Small $< 50 \leq \text{€} 10 \text{ m} \leq \text{€} 10 \text{ m}$
Micro $< 10 \leq \text{€} 2 \text{ m} \leq \text{€} 2 \text{ m}$

2

What is Euroemotur?

23

EURO-EMOTUR project represents an opportunity to change the game in the European tourism industry through the digital transition.

This project will guide to advances in:

- Developing a new mindset for SMEs to face the digital ecosystem. Upskill and reskill
- Customize their visitor experience through new technology possibilities and the mentoring from tourism labs (BSO).
- Improve competencies to succeed in direct marketing their services using neuromarketing techniques (virtual reality, face coding, eye tracking, EEG).
- Drafting new products and services and business models.
- Fostering innovative solutions through public-private partnerships connecting SMEs (including peer to peer learning), technology suppliers, tourism labs, and tourism regions.

Meet Project Coordination Institution

ULPCC
Instituto Universitario de
Turismo y Desarrollo
Económico Sostenible

The University Institute of Tourism and Sustainable Economic Development (TIDES), belongs to the University of Las Palmas de Gran Canaria (ULPCC).

It is a research institute that aims to develop outstanding tourism research, generating and circulating scientific knowledge, and integrating itself into international tourism networks of excellence. In addition, it provides education, training and raises awareness to improve the development of tourism. Finally, it applies the knowledge generated to promote the improvement of economic, social and environmental tourism development in tourist destinations.

TIDES, as the institute responsible for research in tourism at the ULPCC, has contributed to the fact that it occupies fourth place as a research centre for scientific productivity in tourism in Europe, second worldwide, shared with other institutions, in scientific productivity in marketing and management of destinations, fourth worldwide in scientific productivity in research on image and brand, and first in Latin America in scientific productivity in hospitality.

Likewise, the data of the prestigious ranking of Shanghai (ARWU), confirm the outstanding role of the ULPCC, occupying first position in the European Union in research on Hospitality & Tourism Management and placing it among the 23 best centres in the world in the field of Tourism.

Launch Call for SMEs webinar in Finnish

Haaga-Helia, our Finnish partner will be in charge of the Launch Call for SMEs webinar in Finnish. Stay tuned to our Social media and webpage to not miss this webinar.

Euro-emotur week in Finland

By September 2023 the Euro-emotur Consortium plans to hold the Euro-emotur week in Finland. EURO-EMOTUR week will be held, where a matching event will take place. the matching events have the objective of connecting technology providers with SMEs, where laboratories act as connectors and provide SMEs with solutions through technology companies. In addition, these events act as a place for the exchange of proposals.

The content of this newsletter reflects the views only of the author and is his sole responsibility and should not be considered as reflecting the views of the European Commission and/or the European Innovation Council and Small and Medium sized Enterprises Executive Agency (EISMEA) or any other body of the European Union. The European Commission and the Agency are not responsible for any use that may be made of the information contained in this publication.

- Social media (Instagram/Facebook/Linkedin/Twitter/Youtube)

Use of social media contributes to establishing and maintaining public engagement with the project. ULPGC-TIDES will manage the Facebook, Instagram, Linkedin, twitter and youtube account of the project, but other partners are also welcome to contribute to the social media content. If needed local social media sites will also be used by partners. Furthermore, an effort will be made by all the partners but mostly by NECStouR and ETOA to disseminate information about Euro-emotur on other social media sites.

- Website

The website of the project has been launched by the end of M4, and it will be maintained for at two years following the end of the project. Regular updates will be available in all Euro-emotur project languages (English, Spanish, French, Italian, and Finnish), with reciprocal links to the partners' websites to maximise coverage. There is a central general project website in English, French and Spanish with information on the project, project partners and the research activities and outcomes. You can see below the website organization:

- Project Workshops

To involve stakeholders more actively in discussion, theory and methodology development, and application, the Euro-emotur Consortium will design an online and offline European education programme based on the digital transition of SMEs, so that they improve their digital content, their online reputation, and adapt to new digital environments. SMEs can participate and attend seminars, webinars, and workshops. The education programme will target SMEs in order to increase their capacities (upskill and reskill). This task is transversal for the three pilot destinations (Canary Islands, Finland and Veneto region), so ULPGC-

TIDES will lead the task and will work in close relationship with CISET and Haaga-Helia for the design of the programme, learning objectives and outcomes as well as the delivery model and plan.

Currently Euro-emotur Consortium has developed 3 webinars for its Call launch for SMEs in English; Italian and Spanish.

- Euro-emotur events (Euro-emotur week)

Matching events: online and offline matching events. ETOA will be responsible of the offline matching events. The matching events will take place within the celebration of the events organized by ETOA such as: The Nordic Marketplace, VIVA Italian Marketplace or HEM Hoteliers European Marketplace.,EURO-EMOTUR week will be held, where a matching event will take place (Gran Canaria, Finaland, Italy and Brussels. The matching events have the objective of connecting technology providers with SMEs, where laboratories act as connectors and provide SMEs with solutions through technology companies. In addition, these events act as a place for the exchange of proposals. ULPGC-TIDES, CISET and Haaga-Helia will coordinate the calendar planning of all the matchmaking events, select the venue, invite speakers and organise the matchmaking process. ETOA will promote the matchmaking events at international level with the support of the involved partners. The Challenges to be tackled will be defined basing on the problems to solve/needs by SMEs and the innovative solutions brought by the labs and technology companies. This task will be finished with a final Matchmaking Events Outline Report. The purpose is to involve 100 SMEs in total. The objective is to find solutions for participating companies: 20 from each participating destination (Spain, Italy and Finland) and up 40 from other countries.

- Interactive multistakeholder closing event

The aim is to develop a digital ecosystem hub to guarantee both the sustainability of the project and to scale it up to a broader number of SMEs and stakeholders. Thus, this stage will imply the integration of the results of previous work packages and the design of the hub: a networking platform for learning and sharing with other tourism SMEs, technology suppliers, tourism labs and regional clusters. The hub will ensure the project long-term activity beyond EU co-funding and will guide the partners and European stakeholders to stay in touch and empower further the created Euro -Emotur Community and connect with running EU co-funded tourism initiatives/projects in the field of digitalization in tourism, EU granted initiatives supporting SMEs, etc.

Table 14- Interactive multistakeholder closing event

- Final Conference

Organization of the final conference with a twofold aim. First, share with partners and agents involved in the project the experiences and best practices of SMEs, illustrate the results of the action developed, show the milestone achieves and discuss next steps after finishing the EU funding. Secondly, the conference should be used as a promotional event to disseminate findings and share the hub with the tourism industry, media, citizens and relevant agencies (EISMEA).

Annex I – Call for SMEs

Call for European SMEs in Tourism Extended | Euro-Emotur Project | New deadline 16/10/2023 at 17:00 Brussels Time

Irene Paolinelli <irene.paolinelli@necstour.eu>

Dear Member,

Today was listed as the original deadline for applicants for the [Open Call for the Euro-Emotur Project](#), however, we are pleased to inform you that the call has now been extended and will [close on 16 October at 17:00 Brussels Time](#).

We remind you that this call represents a good opportunity for your destination's European SMEs in Tourism. They can benefit from up to €10,000 in vouchers for marketing services and training, aiming at supporting the digitisation and innovation of European SMEs, co-funded by the European Innovation Council and SMEs Executive Agency (EISMEA).

All interested applicants can apply [HERE](#) by completing the application form 'Euro-Emotur SME Application Form'. An "Acknowledgment of Receipt" e-mail will be sent to the applicant. The project will be evaluated only on the information provided in the online application form.

New deadline for application: 16/10/2023 at 17:00 (Brussels Time).

Questions may be sent by e-mail no later than 7 days before the deadline for the submission of applications to the following e-mail address projects@etoa.org, clearly indicating the reference of the Call for Participation and the question.

For more information, please check [here](#).

Annex VII – Webinar invitations

54

Asunto: [Webinar | Financiación para PYMEs turísticas](#)

Estimado/a:

Me gustaría invitarle a participar en un breve seminario web en el que se lanzará una convocatoria para PYMEs del sector alojamiento y agencias de viajes, que ofrecerá financiación para auditorías de marketing y desarrollo. Esta sesión en línea proporcionará una visión general de las oportunidades de la oferta y del proceso de solicitud.

[Webinar de lanzamiento de la convocatoria | euro-emotur](#)

Martes 18 de julio 14:00-14:30 CEST

[RECÍSTRESE AQUÍ](#)

Acerca de euro-emotur

La universidad de Las Palmas de Gran Canaria coordina el programa euro-emotur junto con los partners CISET, ETOA, Haaga-Helia, NECASTour y Turismo de Gran Canaria, cofinanciado por EISMEA - Programa COSME de la Unión Europea. La participación de las PYMEs es gratuita, no se requiere cofinanciación. El importe máximo de la ayuda financiera concedida para cada tercero beneficiario es de 10.000 euros en vales. Esta cuantía podría variar la pyme podría recibir entre 3000-5000 euros en vales.

Utilizando métodos como el seguimiento ocular, el EEG (Electroencefalografía) y la Inteligencia Artificial (IA), se puede ayudar a descubrir las motivaciones y preferencias de los consumidores, permitiendo a las empresas adaptarse y maximizar su espacio digital.

Las PYMEs beneficiarias recibirán una auditoría en línea y asesoramiento por parte de expertos sobre cómo mejorar su presentación a los clientes.

Si no puede asistir a la sesión en directo. Le aconsejamos registrarse, ya que podrá recibir la grabación del webinar.

Muchas gracias y un cordial saludo,

Sergio Moreno Gil

Subject: DISSEMINATION OF THE EURO-EMOTUR CALL

Dear [name and surname of the AB MEMBER]

Euro-emotur consortium would like to invite you to disseminate the Euro-emotur project Call for SMES: Tour Operator and Accommodation SMEs, offering fee marketing audit and additional funding to improve the performance of SMEs. This Call will be opened from 27th June to 27th September at 17:00 CEST.

[Click here for more information and to apply for the call for applications](#)

About euro-emotur

University of Las Palmas de Gran Canaria together with CISET, ETOA, Haaga-Helia, NECSTouR and Turismo de Gran Canaria form the [euro-emotur consortium](#) co-funded by EISMEA - COSME programme of the European Union. **Participation for SMEs is free of charge, no co-financing is required.** The maximum amount of financial support for each Third-Party Beneficiary awarded via vouchers is €10.000, the average award is likely to be awarded €3.000-€5.000 in vouchers. Using methods such as eye-tracking, EEG (Electroencephalography) and Artificial Intelligence (AI), this approach can help discover consumer motivation and preferences, allowing businesses to adapt and maximize their digital performance.

Successful SMEs will receive an audit of their online space and expert consultancy on how to improve their presentation to clients.

We thank in advance to [nombre sister project] to support us with the dissemination of the [Call](#)

Best regards,

Sergio Moreno Gil

Coordinator

**Euro-Emotur rahoitushaku matkailuyrityksille on käynnissä****Jopa 10 000€ tukea palvelusetelinä matkailun pk- yrityksille**

Haaga-Helia toteuttaa yhdessä asiantuntevien eurooppalaisten partnerien kanssa uudenlaisen kehitysprojektiin, johon voivat osallistua suomalaiset matkailualan pk-yritykset, erityisesti majoitus- ja matkailun ohjelmapalveluissa toimivat tekijät.

Euro-Emoturin tavoitteena on edistää matkailualan pk-yritysten digitalisaatiota ja innovaatioiden käyttöönottoa sekä parantaa niiden kilpailukykyä markkinoilla digitalisaation avulla, kiinnittäen erityistä huomiota neuromarkkinointiin ja asiakkaiden tunteiden ymmärtämiseen.

Euro-Emotur projektissa hyödynnetään mm. tekoälyä, biometriikkaa, silmänliikekameroida sekä muita teknologioita tunnistamaan matkailijoiden motivaatiota ja mieltymyksiä. Projektin avulla suomalaisetkin matkailualan yritykset voivat kehittää digitaalisista osaamistaan. Rahallisen tuen lisäksi pk-yrityksille tehdään verkkonäkyvyden arvionti ja yritykset saavat asiantuntija- ja verkostotukea.

Euro-Emotur etsii tukikelpoisia, eurooppalaisia matkailualan pk-yrityksiä palveluseteli kautta tuettavaksi. Palvelusetelinä myönnettäväin taloudellisen tuen enimmäismäärä on 10 000 euroa.

Valitut hakijat saavat lisäksi yksityiskohtaisen kartoituksen ja raportin nykyisestä markkinoinnistaan. Sen jälkeen pk-yritykset voivat käyttää palveluseteliä palveluihin ja koulutukseen, joissa kehitetään digitaalisia ja innovaatiivisia ratkaisuja. Näitä ovat esimerkiksi virtuaalitodellisuus (VR), verkkonäkyvyys, lisättyn todellisuus (AR), tekoäly, silmäliikeseuranta, verkkokäytettävyys, kasvotunnistus, sisältöanalyysi, teksti, video ja kuvat, EEG, vertailuanalyysit ja indeksit

Pk-yritysten osallistuminen on maksutonta, eikä omarahoitusta tarvita. Yritys, joka tänä vuonna on jo saanut tai saamassa tukea jostakin toisesta Cosme-rahoitteisesta hankkeesta, ei voi hakea tukea Euro-Emoturista.

Ilmoita yrityksesi hakuun [tästä](#) Haku päättyy 27.9.

Seuraava ja viimeinen webinaari suomalaisille yrityksille

Pidetään torstaina 14.9. klo 13-14

Ilmoittaudu webinaariin [tästä](#). Saat lisätietoja tarjolla olevista palveluista ja hakuohjeet.

Tervetuloa mukaan Emoturiin!

End of the Euro-emotur week in Finland!
Our partner Haaga-Helia hosted the event in Helsinki:
16th to 19th October.
This event has been a great success, as a great progress
of the project has been achieved.
